

## Project Overview:

Rehoboth Beach's 19-year-old outlets were recently renovated by Legacy Construction Services to keep the shopping center fresh. Looking to add depth to the store fronts, architectural detail and provide greater curb appeal, shade structures were utilized between Under Armour and VC Outlet. The structures now shield shoppers walking to the newly renovated restrooms and provides a seamless, dry transition between stores. Trex Pergola with ShadeRight Fixed canopy was the ideal choice for form and function and helped complete the update.

 Rehoboth Beach, DE

 Trex Pergola

 Legacy Construction Services

 \$85,000

 Winter, 2016

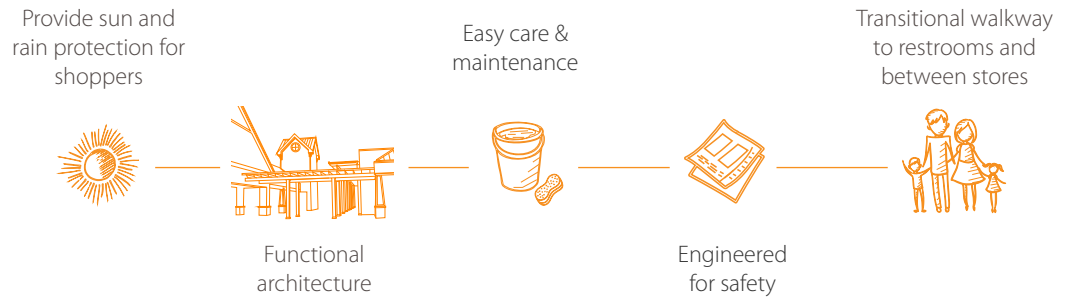

## Pergola Specifications:

Custom Attached Trex Pergolas

8" x 14' fiberglass columns  
33' wide x 11'4" projection  
8" x 10' fiberglass columns  
ShadeRight Fixed Canopy

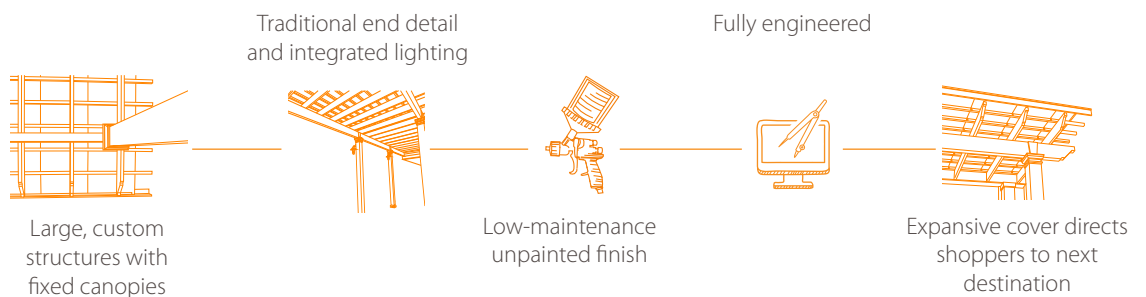

## Challenge:

Tanger Outlets was looking for functional architectural detail that would provide protection for shoppers from sun and rain for a comfortable and seamless shopping experience with easy upkeep. Structureworks addressed the following challenges:

## Solution:

Legacy Construction Services, in collaboration with Structureworks, designed two large shade structures that made a statement. The low-maintenance finish, fixed canopy and custom look gave Tanger Outlets a beautiful transitional space for ease of shopping and beautiful curb appeal.

## Benefits:

Looking to provide an attractive place to work and shop, renovation of Tanger Outlets has freshened up the shopping center and brought it up to date. A beautiful new look means fresh brands and influx of new shoppers making this a major retail destination in this seaside town. Updating the color scheme, lighting, and architectural detail, including two custom Trex Pergolas with ShadeRight Fixed canopies, the exteriors curb appeal and overall functionality is providing enjoyment for visitors and neighbors alike! The low-maintenance, easy care of these shade structures will provide lasting coastal style day or night.

Since 1990, Structureworks Fabrication has been designing, creating and hand finishing beautiful outdoor structures using premium components. Using proven engineering practices, innovative designs and advanced manufacturing techniques, Structureworks has become the leading producer of pergola kits for residential and commercial outdoor living environments. By controlling design and manufacturing we are able to ensure the quality of every product as a primary function of what we do.
